Welcome Message

On behalf of the Organizing Committee, it is my great honor and pleasure to cordially invite you to the Korean International Semiconductor Conference & Exhibition on Manufacturing Technology 2024 (KISM 2024 BUSAN), which will be held at Paradise Hotel Busan & Grand Josun Busan (Haeundae Beach), Busan, Korea from November 11 to 15, 2024.

KISM, as the first international semiconductor conference in Korea since 2022, has emerged as a prestigious platform for high-quality abstract presentations and gatherings of distinguished experts from around the world to deliver presentations.

KISM 2024 BUSAN will be a fundamental ground to exchange high-quality results and ideas provided by researchers and scientists from a variety of universities, industries, and research institutes. Furthermore, it also provides a conference to present the cutting-edge research outputs which would help both students and researchers with their future research studies and works to be conducted. Hence, individuals actively engaging in semiconductor manufacturing technology research and development are greatly encouraged to participate in the conference and gain academic insights they have desired.

This meeting will include prestigious Plenary Talks, Invited Talks, Regular Sessions (oral & poster presentations), and Exhibitions. I hope you take this unique opportunity to present your recent research and development highlights, interact with your colleagues and peers, and have a memorable and rewarding experience at KISM 2024 BUSAN.

I do thank you for your participation and contributions in advance and look forward to seeing you in Busan, Korea.

Thank you very much.

Hyeongtag Jeon, Ph.D., Professor
General Chair of KISM 2024 BUSAN
Division of Materials Science & Engineering
College of Engineering
Hanyang University
