

## **Prof. Sanha Kim**

KAIST, Korea

---

Dr. Sanha Kim is an associate professor in the Department of Mechanical Engineering at the Korea Advanced Institute of Science and Technology (KAIST). He earned his Bachelor's and Master's degrees in Mechanical and Aerospace Engineering from Seoul National University, and obtained his PhD degree in Mechanical Engineering from Massachusetts Institute of Technology (MIT). He also worked as a Postdoctoral Associate and a Research Scientist in the Department of Mechanical Engineering and Laboratory for Manufacturing and Productivity at MIT prior to join KAIST. His focus areas include advanced manufacturing processes, contact mechanics, surface engineering techniques, chemical-mechanical polishing and cleaning, digital manipulation of micro and nano materials.
