Dr. Douglas J. Resnick

Canon Nanotechnologies Inc.

Doug Resnick is the Vice President of Marketing and Business Development for Canon Nanotechnologies, Inc. Prior to this role, Doug served as the VP of Mask Technology and later as the VP of Strategic Development for Molecular Imprints. Previously, Doug worked for Motorola Labs (1990- 2004), where he was responsible for developing their imprint lithography program. He has authored or coauthored over 200 technical publications and is an inventor of more than 35 U.S. patents. He has served as the conference chair for both the EIPBN and SPIE Microlithography Symposiums. Doug received his Ph.D. from the Ohio State University in the field of Solid State Physics.
