

KOREAN INTERNATIONAL SEMICONDUCTOR CONFERENCE & EXHIBITION
ON MANUFACTURING TECHNOLOGY 2024

KISM 2024 BUSAN

November 11 (Mon.) - 15 (Fri.), 2024

Paradise Hotel Busan & Grand Josun Busan
(Haeundae Beach) | Busan, Korea

Senior Research Fellow, Dr. Deoksin Kil

SK hynix Inc. South Korea

Dr. Deoksin Kil received his B.S. from POSTECH and earned his M.S. & Ph.D. from Seoul National University(SNU) in Material Science and Engineering(1999). He has been working at SK hynix as a senior research fellow leading material development group in Infra Tech Center. He has been a member of technical program committee for VLSI since 2020. His current major research field is to develop all the base materials which are used for semiconductor processes such as photo resist, functional chemicals, CMP slurries, precursors and etch gases as well. He also has lots of experiences for capacitor dielectric materials and tools for DRAM.
